

## Overview

- Gigabit Ethernet interface cable
- CAT5e
- RJ45 (screw lock) to RJ45
- suitable for cable carrier and torsion applications
- length 20,0 m

## Technical data

### Electrical data

Number of poles	8
Connectors	RJ45, screw lock RJ45

### Mechanical data

Smallest bending radius static	42 mm
Bending cycles	10000000
Use in cable carriers	yes

### Mechanical data

Cable length [m]	20 m
Weight	≤ 1600 g
Material	PVC, lead-free

### Interface

Data interface	GigE
----------------	------

### Environmental conditions

Flame resistance	UL20276 80°C / 30V
------------------	--------------------

## Pin assignment

### RJ45S RJ45

1:	1
2:	2
3:	3
4:	4

### RJ45S RJ45

5:	5
6:	6
7:	7
8:	8
